

TIN PACKAGING BROCHURE

We're delighted to share our 2024 tin packaging brochure with you.

As always, it's packed with inspiration to give you ideas on how to make the most of the packaging for your products and customers.

Please don't hesitate to contact us for any questions you have

The Power Of Tin Packaging

There are many reasons why you may want to choose tin packaging including:

- Our beautiful tins are reusable and recyclable creating an environmental friendly option.
- Tin packaging is recycled more than any other form of packaging, achieving 95% recycled in most markets.
- You can print or label any stock tin making a lasting impression with your customers.
- Our delivery times are fast so you can begin using your tins quickly.

We hope you enjoy looking through our latest brochure.

An introduction to our tin boxes

1. Printing

Make your tin stand out with your logo or a custom made design.

2. Embossing

By embossing your tins, you can create a truly unique appearance.

3. Debossing

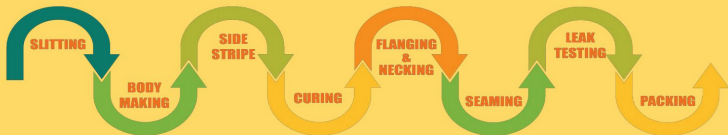

Debossing gives more feeling to your tin boxes.

We are equipped with a complete manufacturing line of tins and fabrication of respective components with a capacity to manufacture about 30lakh cans per annum.

We have the potentiality to produce cans in diameters ranging from 52mm to 179mm with a capacity domain of 50ml to 5ltr.

Keeping up with the growing popularity and demand of metal cans as a safe & convenient way of packaging, we are taking steps to manufacture high quality cans with highly competitive prices.

Customer Satisfaction

We purely focus on five things which is benefited for the customers:

Efficiency 

Quality 

Best Value 

Delightful Service 

On-Time Delivery

We put extreme emphasis on the strict adherence to our quality parameters so as to maintain our standards. We follow strict quality control measures at our manufacturing unit, ensuring that only the best quality products are delivered.
